Manchester City Council gives notice that the detail(s) referred to in Part 1 are **Approved** in accordance with the information set out below.

Condition 8 (Surface water drainage)
Condition 8 (Surface water drainage) - The submitted information is considered acceptable. Therefore, on the basis the development is implemented in accordance with this information, the condition is considered discharged.

Condition 9 (Drainage maintainence)
Condition 9 (Drainage maintainence) - The submitted information is considered acceptable. Therefore, on the basis the development is implemented in accordance with this information, the condition is considered discharged.

Condition 17 (Travel plan - partial discharge) - Overall, the Travel Plan meets expectations at this stage, therefore Condition 17 can only be partially discharged.

The planning condition cannot be recommended for a full discharge for the following reasons:

and percentages of travel and the future percentage changes to sustainable modes of transport.
o Photographic evidence and a location plan of the covered secure cycle storage facility being provided.

Note: Changing room and shower facilities availability would substantially improve the modal shift to cycling. No mention of this facility has been included.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them.
