Commenter Type: Member of the Public

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I strongly support keeping what was public land gifted to the university returned to the community which don't want to see the green space disappear any more. We need housing but there are plenty of brown/grey sites in greater Manchester to use first. There is also a lot of developments (Chorlton Baths & shopping centre) currently under consideration or underway which are going to have a marked effect with the woeful lack of local amenities (parking, schools, doctors, sports facilities, recreation etc) in their planning. This plan keeps a vital green space that will otherwise be lost to the developers shovel. Keep Chorlton green and healthy by accepting this proposal.
