Comment Reasons:
Comment:This development is totally out of keeping with the rest of Chorlton, it is too high and densely packed together in a featureless, bland and unattractive slab. This will ruin Chorlton and there is no Infrastructure to support it. People who already live here (I've been here nearly 30 years) will suffer as a result of this - it's quite obvious that this is being proposed through people wanting to make money rather than add something to the community. Shops and parking have gone, trees, green spaces and a skyline - it's an abomination that this has got as far as it has.
