Comment Details

Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: Ryebank Fields is a unique and biodiverse green space, much-loved by the local community and it should be preserved in this way. I grew up playing in these fields and feel a strong connection to the land. The fields are safe and easily accessible and so play a big part in helping my mental health and well-being. The animals, birds and plants that live on the fields must be protected and allowed to thrive in order to combat Climate Change. There is very little green space left in Manchester so we need to care for and protect what we have. Please help to ensure that Ryebank Fields is protected for perpetuity by supporting this planning application.
