Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object to this planning application on the following basis;

Building are far too tall - average building height 2/3 stories these buildings will stick out like an eye sore (Graeme house is not an accurate comparison as this is only 1 building and next to main road). These buildings would result in over population of the small area where there are not enough amenities to provide these potential new residents including healthcare.

Not enough green space for the residents
