Comment Details

Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment:I object very strongly. This is a Greenfield site and its wanton destruction is frankly outrageous, especially when there are numerous Brownfield sites in Manchester. Not to mention at a time when Greenfield sites are of increasing importance, in the face of ecological emergency. In addition, Ryebank Fields was given to the people 'in perpetuity'.

Manchester simply cannot afford to lose this valuable green space. It is home to rare Black Poplars, rare marsh orchids, not to mention animals who are struggling for habitats as it is.

Please reconsider - use one of Manchester's MANY existing Brownfield sites and preserve this unique and irreplaceable Greenfield site.
