Details of the pre-application advice received

We contacted Jack previously about Manchester Victoria enquiring whether Listed Building Consent would be required for our works due to us only carrying out like-for-like replacements of the Customer Information System(CIS) Displays in the same locations, we were advised that LBC would not be required due to it being straight swaps. However, we've since been in touch with Jack again regarding the 2no new CIS displays we're set to install at the station as part of the same works package and have been advised that Listed Building Consent will be required for these 2no new CIS Displays.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
