Request for Flood risk assessment data (product 4). Customer request reference F6NGKRCXMN49.

We respond to requests under the Freedom of Information Act 2000 and Environmental Information Regulations 2004.

We have no records of flooding affecting the site. However, this does not mean flooding has not occurred in the past or that it will not flood in future. We recommend that you also contact United Utilities and Lead Local Flood Authority, who may hold additional information (the former especially in relation to sewer flooding).
