Commenter Type: Member of the Public

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: Dear planning committee members,

Planning Reference: 143413/FO/2025

I wish to support the above referenced planning application for the following reasons: Ryebank Fields is a beautiful natural habitat for so many of God's creatures and a wonderful area for people to see nature in it's purest form. The area has historic value and needs to be preserved for future generations and to sacrifice this for the sake of building houses which can be built on brownfield sites is sacrilege. Stand and listen to the wonderful sounds of birds singing and the wind whistling through the trees and scurrying of little creatures terrified of the sounds of drills etc disturbing their home and habitat... stand and look at the beauty of the fields and the sun shining on this bewitching marvel of nature. The words... "Do not disturb" come to mind...

So this should be here for all the generations to come SAVE Ryebank Fields
