Commenter Type: Member of the Public
Stance: Customer objects to the Planning Application
Comment Reasons:
Comment:This will have a terrible impact on local services (schools, doctors teachers). Traffic is already grid locked on side streets at any time of day not just rush hour because of long traffic queues in the main roads. This proposal will mean more cars to add to the chaos. The shops at the precinct have been missed and residents are forced to travel by car to other areas to shop. This proposal doesn't offer enough space for shops. It is clear that this proposal has been passed to line the pockets of developers rather than improving Chorlton which I'm sad to say is already on the decline.
