Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment: Whilst well meaning, this proposal would restrict the construction of much needed homes in the Chorlton area. If it were not for Longford Park, LITERALLY next door, we would need green spaces like this. But it's an asbestos ridden, ex brick factory which is used either by dog walkers, a cut through path between estates (which would be maintained by the MMU plan) or a place for non-resident communities to build makeshift houses out of pallets from.

I find it hard to tick oppose, but the main foundation for this is pure nimbyism which cannot continue to restrict development in urban communities which are already appropriately positioned for growth.
