This document has been prepared for the titled project or named part thereof and should not be relied upon or used for any other project without an independent check being carried out as to its suitability and prior written authority of Buttress being obtained. Buttress accepts no responsibility or liability for the consequences of this document being used for a purpose other than the purposes for which it was

commissioned. Any person using or relying on the document for such other purpose agrees and will by such use or reliance be taken to confirm their agreement to indemnify Buttress for all loss or damage resulting therefore. Buttress accepts no responsibility or liability for this document to any party other than the person by whom it was commissioned.

General design amendments are proposed following technical design and construction of the apartment block. Key changes include:

- The incorporation of a retaining wall and an external ramp adjacent to the bin store, introduced to address site level changes.
- Minor amendments to the soft landscaping are proposed to allow for the bin store ramp to be formed.
- Ramped access to the bike store to address site level changes.
- Revised public realm

Thank you
