Hi James,

The results were very good and the least damaging of the samples. Method statement seems acceptable.

Kind regards,

Paul Mason

Hi Paul,

I've just received the method statement for the tiles repair we viewed on site last week. If you could review and confirm if you accept the methodology?

Many thanks,

James

Hi James

Further to the below and our site visit last week, please see attached information on the tile cleaning method – this is based on the sample clean that Paul supported on site.

Please could you confirm this information is acceptable to discharge CDN/25/0474?

Many thanks

Jay

Hi Jay,

Just to follow up from our meeting, I understand we are looking for a method statement to be submitted for the tiling sample we agreed on site.

For awareness I am on leave from Tuesday afternoon so if it's expected after this could you send directly to Paul?

Providing we accept it I can then look to issue the discharge of condition app on my return on Monday 14th July.

Many thanks,

James
