Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I am a local resident, writing to object to the current development proposal - I agree with the need for more housing in this area, I am concerned about the stress this size of building project will put on local services - it is already difficult to get a GP or dentist for example. There is also very little parking provision in the plan, which is already an issue in this area.
