Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: This land is sacred. It cannot be bulldozed for the benefit of a few who want to live there, but most importantly for MMU to draw down huge profit. They were gifted this land for 'recreational and educational' purposes. Profiting from it, does not fit this criteria.

There are so many new homes already in the process of being built in Chorlton at the moment (Cross St., High Lane, Barlow Moor Road, Chorlton Cross.. we do not have the infrastructure to accommodate any more.

But most importantly, we have a biodiversity crisis and this land is doing the work to help mitigate the impact of climate change where politicians are not.
