Good morning,

3 West Meade Manchester M21 8FD - 143188/TCA/2025

The applicant has proposed to carry out the following pruning/ felling works:

T85 - Swedish whitebeam adjacent 3 West Meade - Fell and replant due to tree in severe decline.

T86 - Norway maple adjacent 3 West Meade - Fell and replant due to tree in severe decline.

T82 - Lime outside 55 Brookburn Road - Remove deadwood (>25mm diameter), remove epicormic growth up to crown break.

I have viewed the trees and I can confirm that the trees are in a state of decline. T86 has had the deadwood removed to attempt to manage the dieback.

We would have no objection to the proposed removals of these two trees.

I appreciate these trees are not covered by TPO status, but I would request that the applicant/ site board, mitigate the loss of these two trees if possible.

Kind regards

Rudi Farghaly
