Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The buildings are far too high for this neighbourhood. There is little by way of green space or open space for the community to access, compared to an open shopping centre and large open car park that presently exists.

Supportive of the place being developed and the type of accommodation proposed (must include affordable housing) however the scale will be a monstrosity for Chorlton centre, overbearing all of the surrounding area.
