Good morning Sue
Many thanks for the call and discussion yesterday.

As promised please find below a marked up plan showing omissions.

- Green dots indicating corner windows to be omitted.
- Orange dots where bay windows are to be omitted.

As you note due to all units now requiring PV panels to their roofs this will be a significant change (along with the above) and hence we will have to go down the s73 route for any submission made.
We'll keep you informed as soon as we have made the application.

Thanks again for you time on this
