Commenter Type: Member of the Public

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I whole-heartedly support the proposal to protect Ryebank Fields. There are so many valid, important reasons to protect this area. So many. But I would like to mention those closest to me:

The air quality will suffer, this place is the lungs of our city.

The increase in traffic in an already congested area (my daughter has to navigate crossing busy roads daily on her way to and from primary school).

The weight that lifts from my shoulders hearing the birds sing; seeing the changes the seasons bring.

But what it all boils down to - this place is an oasis of calm, an absolute gem bursting and thriving with nature at her most beautiful.

This place should be protected.

It should be valued and enjoyed.

Manchester council - lead the way, be trailblazers - make the right decision. We do things differently here. We do things right.
