Good morning,

Cambridge Halls Of Residence Cavendish Street Manchester M15 6TT - 142888/FO/2025

The proposed redevelopment of this site will require the felling of all 13 trees on site, however; of the 13 trees on this site, only 5 trees are visible from a public space.

The mitigation planting proposal is to replace the 13 trees with a new planting plan, which includes 56 new trees on the site.

The removal of any healthy tree is regrettable, however, I can see from the proposals that the site will be vastly improved by the proposed re-development.

I can confirm that we would have no objection to the proposed development, subject to the mitigation planting proposals being adhered to.

Kind regards
