Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: This plan is completely out of keeping with Chorlton and is not what we were told was the plan. So many high rise towers in one small area will dominate. I'm very concerned about the impact on surrounding area particularly parking and strain on public services like the health centre which is already struggling to cope with demand. Finally what really annoys me is that the promised social housing seems to have gone. It just feels like a developer trying to make as much money as possible without any thought for the community
