RE: 129142/FO/2021 – 227 Moston Lane East – Completion Report

I confirm the development was carried out in accordance with the previously submitted report, included within Condition 6a, previously discharged

I also confirm throughout the development the ground conditions were as previously identified, with no changes found. No ground contamination, groundwater contamination and/or ground gas was found during the development.

The project is a self-build. I consider myself competent of managing the project and monitoring such situations as I have 16 years' experience in the industry working in construction project management for tier 1 contractors. I also hold a BSc Construction Project Management degree

Yours Faithfully,

Joshua Heavens
