Stance: Customer objects to the Planning Application
Comment Reasons:
Comment:Too many flats that are too high. They will have a negative impact on Chorlton centre: traffic, aesthetic, quality of life, not enough affordable housing etc. The retail space that was promised does not appear to be planned. The Chorlton that these developers are trying to monopolise on won't exist if this planning is approved. It will be the thin end of the wedge and what makes Chorlton, Chorlton and the quality of life for all people living there will be sacrificed for the sake of capitalism.
