Comment Details

Commenter Type: Neighbour
Stance: Customer objects to the Planning Application
Comment Reasons:
Comment:I object to the proposal of a block of flats being developed on the part of Chorlton
I have lived her for over 18 years, and the increase in development has gone throught the roof.
The impact this will have on the already residents of the area will be greatly effected.
There are already too many vehicle. The roads are jammed with vehicles. To the point it can take over 20 minutes to drive down to the parkway. Local businesses have already closed down due to developments and this will only make it worse. There is no thought when these plans are made for the people and community that already reside here. The local ammenaties like GP surgeries, dentists, schools are already at capacity
