Dear David

Further to my email yesterday, Tom is concerned about not being notified about this planning application, and now not having enough time to speak to the affected residents. (You will be aware that the consultation letters took a very long time before they arrived, arriving in the second week of July, but dated June.) We would like to request a extension on the consultation, so that Tom can ensure that all the affected residents are aware of the plans and have an opportunity to respond, and we would be grateful if you could confirm when this is likely to go to committee, because it is Tom's intention to come to the committee to object on behalf of his constituents. (I would be grateful if you could confirm that Tom will be allowed to speak at committee.)

Kind regards

John  
Office of Tom Morrison MP

**Subject:** (Case Ref: TM08299) PLANNING APPLICATION 143194/JO/2025

Dear David Lawless

I am emailing to object to the Suez application to extend the hours of operation at the Longley Lane depot. First of all it is disappointing not to have been consulted with regards to this application, given that the closest and most affected residents are Tom's constituents in Gatley, rather than residents in Manchester. I am aware that previous complaints have been made to the waste and recycling centre, regarding noise after 10pm and the odours from the site. The proposal will result in an intensification of use, result in significantly increased noise and disturbance for many of our residents in Gatley, and increase the smell from the site. I would urge you to reject the extension of hours and protect the amenity of residents early in the morning, and at night.

Kind regards

John
