Comment Reasons:

Comment: The area is already rife with street crime and regular break ins to cars. I do not support the fact that a refugee camp be established in a well looked after area of South Manchester. There are so many schools in the area with many children walking in the streets and Alexandra Park. As so many unknown individuals are migrating through illegal means and one doesn't know about their past whether criminal or not and also the fact that recently many refugees have been involved in sexual violence and rapes or young women. Having a refugee camp near well established neighbourhood is unacceptable to the majority of the residents. Such refugee camps should be far away from main residential and school catchment areas.
