Stance: Customer objects to the Planning Application
Comment Reasons:
Comment:To whom it may concern,
The British Muslim Heritage Centre is seeking a new extension for the Marquee that serves mainly as a wedding venue. We have repeatedly complained about the sound pollution generated during the events and obtained no satisfactory response.
There has been no effort to address the concerns presented by neighbours. The centre is seeking a new time extension on a structure that was supposed to be temporary. Soundproofing the structure, as suggested in the document attached to this case, will effectively mean making the structure permanent. This should require a completely new planning permission.
The lack of support and engagement shown by the council is astonishing.
I strongly object to this planning application.
