Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: These huge eyesore tower blocks that are being planned will destroy the unique charm, beauty and atmosphere that Chorlton has created over the years. It will look horrific and make Chorlton like any other area, packed with huge towers, cramming people in to the area.

This is clearly a terrible idea and very much reliant on making huge amounts money overlooking the opinions of people who have lived here for decades (I have lived here for 37 years)

Any tower block needs to be limited to 3 stories high, any higher and it will look terrible and destroy the special appeal this suburb of Manchester has. Rethink!
