Comment Details

Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Am concerned this is too big compared to previous buildings.

It would appear like a watchtower that is too imposing on the whole area.

It would probably add to the considerable congestion in the town centre, especially in light of many other new build applications for this area.

It does not appear to resemble the original artist renditions for the site, which seemed to have more shops and more green space.
