Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

☑ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Details of the pre-application advice received

General advice regarding planning context and requirements as follows:

From reviewing the details provided in the previous emails, I can confirm that the proposed works (EWI to the property) would require planning permission.

As the external wall insulation (EWI) would project onto land that is unlikely to be owned by the resident/applicant (i.e., the adjacent alleyway), Ownership Certificate B would need to be completed with the requisite notice served on the relevant landowner, when submitting a planning application form.

If the works would affect the existing gates to the alleyway, then the requisite notice would need to be served on the relevant landowner for this also. You may also be required to ensure that these gates are retained or otherwise altered to allow for their retention.

With regard to whether the Council would be able to support the proposal itself, we would need further details to advise on this, including:

Clarification of which elevations of the property would feature the EWI and to what extent (e.g., fully or partially),
Details of the type, colour, and finish of the EWI,
Details of the thickness of the EWI,

We have also sought advice from Cllr Mandie Shilton Godwin with reference to Cert B and ownership issues.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

◯ Yes
⊘ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

◯ Yes
⊘ No

Can you give appropriate notice to all the other owners/agricultural tenants? (Select 'Yes' if there are no other owners/agricultural tenants)

- [x] Yes
- [ ] No

Certificate Of Ownership - Certificate B

I certify/ The applicant certifies that:

- [x] **I have/The applicant has given the requisite notice to everyone else (as listed below) who, on the day 21 days before the date of this application, was the owner* and/or agricultural tenant** of any part of the land or building to which this application relates; or**
