BLC CONSTRUCTION SUPPLIES
PROVIDING THE COMPLETE SOLUTION

TECHNICAL DATASHEET

PRODUCT CATEGORY

NETTING - FLAME RETARDANT

FRA DEBRIS NETTING

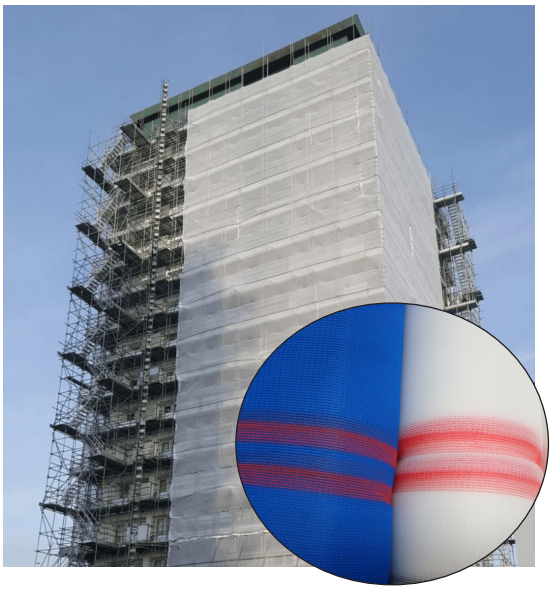

PRODUCT DESCRIPTION

The FRa Debris Netting from BLC Construction Supplies is a fire retardant non-certified product designed for construction site use.

Crafted from robust high-density polyethylene that works to keep debris from falling from scaffolding, without creating a potentially dangerous windproof barrier.

Available in the two most common sizes for such applications, 2m x 50m and 3m x 50m in a large range of colours. Each sheet features lengthwise woven reinforcements with black threads for added durability.

The product is conveniently packaged as individual rolls in protective polyethylene bags.

FEATURES

- **FLAME RETARDANT ADDITIVE (NON CERTIFICATED)**
- **PROVIDES SCREENING WHILST LETTING AIR THROUGH REDUCING PRESSURE ON SCAFFOLD.**
- **PROTECTS THE PUBLIC AND TRAFFIC FROM FALLING DEBRIS**
- **EYELETS AT REGULAR INTERVALS ON EACH BAND (15CMS APART,4CMS FROM EDGE)**
- **INSTALLED WITH CABLE/NETTING TIES**

SPECIFICATIONS

Code	200018 (Blue) 200019 (White) 200044 (Red) 200045 (Black) 200063 (Green)	200021 (Blue) 200022 (White) 200046 (Black) 200061 (Green) 200062 (Red)
Dimensions	2m x 50m	3m x 50m
Weight	50gsm =+/-5%	50gsm =+/-5%
Fixing Bands	3	4
Coverage	100m2	150m2

PERFORMANCE DATA

Material	High Density Polyethylene , Monofilament knitted yarn
Weave	Knitted PE Monafilament
Colour	White or Blue with Red eyelet bands
FRA	Tetrabromobisphenol A & Pentabromophenyl Ether
Air Permeability	40%
Shade Factor	30%
