I refer to your planning application for the above.

I visited the site this week, but nobody was home, and I was unable to access the rear of the site.

Please could I therefore be supplied with some photos, of the rear of the site, particularly the area where the extension is proposed.

If these can be supplied by Tuesday 10 June 2025, I would still expect that we could achieve the application target date of Thursday 12 June 2025.

Regards

Ian Jarvis
