Part 1 – Particulars of the application/development

Proposal: Conversion of dwellinghouse into 6 bedroom House in Multiple Occupation (C4) together with the erection of a single storey rear extension and installation of rear dormer

Location: 123 Sale Road, Manchester, M23 0LA

Date of application: 4 May 2025

Application number: 141678/FO/2024

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Refused** in accordance with the application and plans submitted for the reason(s) listed below.

Article 35 Declaration

Officers have worked with the applicant in a proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. Officers have communicated their concerns about this proposal to the agent during the course of the planning application, but these concerns have not been overcome. The proposal is considered to be contrary to the development plan and therefore refused in a timely manner.

Reason(s) for decision

1) Several errors have been identified within the submitted drawings. The proposed elevations show the insertion of two windows within the rear elevation of the rear extension. The proposed floor plans show the insertion of a set of patio doors with associated windows in the rear elevation. The proposed ground floor plan shows the insertion of a window within the ground floor bedroom 2 facing onto the passageway between no.125 Sale Road and the applicant site. No such window is reflected within the proposed elevations. The information contained within the D&A is outdated in

relation to the existing use of the property. Therefore, given the quality and accuracy of the submitted information, and the uncertainty of how the proposal may affect the amenities of neighbouring residents, the City Council is unable to support this application, as it conflicts with the principles set out under the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended), policies SP1 and DM1 of the Manchester Core Strategy and saved policy DC1 of the Unitary Development Plan for the City of Manchester.

2) The proposed conversion of dwellinghouse into 6 bedroom House in Multiple Occupation (C4) together with the erection of a single storey rear extension and installation of rear dormer, would result in an over intensive use of the host property. The consequential increase in the levels of activity, noise and disturbance would have a harmful impact upon the amenity of neighbouring residential occupiers, which would have a detrimental impact on the sustainability and character of the area. The access to light and ventilation would result in adverse amenity implications to the habitant of bedroom 2, which would be to the detriment of the proposed residents' enjoyment to such habitable space. The proposal would therefore be contrary to the provisions of policies SP1, H7, H11 and DM1 of the Core Strategy of the Local Development Framework and, UDP policy DC26.

3) The proposed change of use would result in the loss of a family sized dwellinghouse which would reduce the standard and availability of such housing in the area, undermining the provisions of policies H7, H11 and SP1 of the Manchester Core Strategy, which seek to provide an appropriate mix and balance of housing provision in the locality, in order to maintain a sustainable neighbourhood and cohesive housing market.
