Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The building of such nature will be a blight on that area

The increase in traffic will cause no end of congestion

With the bus gate on bridge street stopping traffic exiting the city freely the extra traffic will cause more problems than there is now

Plus a building of such size will block daylight to neighbouring properties

Plus already flooded area of food and drink

Noise will be a factor to local residents who already have to put up with the current bars and restaurants adding more will cause harm to residents mental health

I object to this being approved
