Condition 9b) – Remediation Completion/Verification Report

Condition 9b) is worded as follows:

> *"(b) When a phase of the development commences, it shall be carried out in accordance with the previously agreed Remediation Strategy and a Completion/Verification Report shall be submitted to and approved in writing by the City Council as local planning authority prior to the first occupation of the development.*
>
> *In the event that ground contamination, groundwater contamination and/or ground gas, not previously identified, are found to be present on the site at any time before the development is occupied, then development shall cease and/or the development shall not be occupied until, a report outlining what measures, if any, are required to remediate the land (the Revised Remediation Strategy) is submitted to and approved in writing by the City Council as local planning authority and the development shall be carried out in accordance with the Revised Remediation Strategy, which shall take precedence over any Remediation Strategy or earlier Revised Remediation Strategy."*

The following information is submitted to discharge condition 9b) for Plot D3 (as shown on the plan enclosed at **Appendix 1**):

- Site Completion Report prepared by LK Group (dated July 2025).

The application fee of £383 (including VAT and Planning Portal service charge) has been paid via the Planning Portal (Ref: PP-14205660). We trust that the submitted information is acceptable to you, and that this submission will enable the timely validation of the application. Should you have any queries relating to the above, please do not hesitate to contact me on my details below.

Yours Sincerely,

For and on behalf of Asteer Planning LLP
