Comment Details

Commenter Type: Neighbour
Stance: Customer made comments in support of the Planning Application
Comment Reasons:
Comment:We are currently in the process of buying a property on [redacted] and will soon be moving in. I 100% support this development as it will smarten up the end of Nicholas Road, provide much needed apartments and residential space including much needed affordable housing. The gardens and public realm will be a massive asset to all of the people in Chorlton.

It will be a massive improvement for Chorlton, it provides parking and in terms of the height, the buildings are basically the same as the current office blocks there.

I wholeheartedly think the council should approve this, any other area would be crying out for this development!
