Comment Details

Commenter Type: Neighbour
Stance: Customer objects to the Planning Application
Comment Reasons:
Comment:This will totally change the centre of Chorlton. None of the proposals fit in with the existing buildings in the neighbourhood.
There are too many tower blocks.
They are all too high.
They will dwarf the existing buildings.
There aren't enough shops and theres no big shop.
It doesn't feel like its bringing a new shopping centre to Chorlton.
It feels like it is killing the centre of Chorlton.
Too many new dwellings. This will increase the number of cars and there are not enough parking spaces.
This is all about developers making money without any thought for the local people or community.
