Comment Reasons:
Comment:The consultations with locals completely ignored. Commercial space is a slither is what it was before, this is meant to be the commercial centre for the chorlton. Building is way too high compared, absolutely 0 thought into the traffic that will be created based. That's being modest on 1 car per household, could be more. It's an ugly building. But if this is a slimmer of hope in this, drastically reduces the size of the building, 6 floors MAX. More commercial hub space
