Hi Steve,

As discussed, please could we request the S1 Road Safety audit to be undertaken of the proposed upgrades prior to any determination.

In terms of the modelling, the site access will not need to be modelled again as it shows it is operating well within capacity.

Many thanks,

Hi [redacted]

Thanks for your comments. Please can you clarify where the ghost island extension is required.

Also, are you saying that if the priority junction RFC would not see an increase of 30vph as a result of the development, it doesn't require remodelling?

Thanks
