Hi Ellie

I have updated comments on this application - one aspect I haven't referenced is operational capacity at the site. Previous documents state that the peak usage of the site during Friday prayers would be 75 people (and this is what assessments have been based on).

Can this max capacity be secured by a condition OR would it be best to have this referenced within the Event Management Plan instead? If it's the latter, I can update my comments to request this also.

Happy to discuss when you return,

Many thanks
Becky
