2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

-Application Form, stamped as received on the 31 March 2025.

-Drawing- Location Plan (as part of existing drawings), numbered PL-01, stamped as received on the 31 March 2025.

-Drawing- Proposed- Plans and Elevations, numbered PL-02 REV A, stamped as received on the 25 June 2025.

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies SP1 and DM1 of the Core Strategy.

3) Before the occupation of the development, a scheme shall be submitted to and approved in writing by the City Council as local planning authority relating to cycle storage. The approved scheme shall be implemented upon first occupation of the development and maintained in situ at all times thereafter.

Reason - In the interests of residential amenity and highway safety pursuant to policies SP1, T1 and DM1 of the Core Strategy for the City of Manchester.

4) a) Before the development commences a scheme for acoustically insulating the proposed residential accommodation against noise from nearby roads and railway line shall be submitted to and approved in writing by the City Council as local planning authority. There may be other actual or potential sources of noise which require consideration on or near the site, including any local commercial/industrial premises. The approved noise insulation and ventilation scheme shall be completed before any of the dwelling units are occupied. Noise survey data shall include measurements taken during a rush-hour period and night time to determine the appropriate sound insulation measures necessary.

Due to the proximity of the development to the railway line it will be necessary for vibration criteria to apply which can be found in BS 6472: 2008 "Guide to evaluation of human exposure to vibration in buildings". Groundborne noise/re-radiated noise shall also be factored into the assessment and design.

b) Prior to first occupation of the residential units, a verification report shall be required to validate that the work undertaken throughout the development conforms to the recommendations and requirements in the approved acoustic consultant's report. The report shall also undertake post completion testing to confirm that the internal noise criteria have been met. Any instances of non-conformity with the recommendations in the verification report shall be detailed along with any measures required to be undertaken prior to first occupation of the residential units to ensure compliance with the internal noise criteria.

Reason: To secure a reduction in noise from traffic or other sources in order to protect future residents from noise disturbance, pursuant to policies SP1 and DM1 of the Core Strategy for the City of Manchester.

New developments shall have refuse storage space for segregated waste collection and recycling. Internal and external storage areas are required.

b) The details of the approved scheme shall be implemented as part of the development and shall remain in situ whilst the use or development is in operation.

Reason - In the interests of amenity and public health, pursuant to policies EN19 and DM1 of the Manchester Core Strategy.

6) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification) no part of the residential units shall be used for any other purpose (including any other purpose in Class C3 of the Schedule to the Town and Country Planning (Use Classes) Order 1987 as amended by The Town and Country Planning (Use Classes) (Amendment) (England) Order 2015, or in any provision equivalent to that Class in any statutory instrument revoking and re-enacting that Order with or without modification) other than the purpose(s) of C3(a) not precluding occupation by two unrelated people sharing a property.

Reason - In the exceptional circumstances of a proliferation of HMOs restricting housing choice and adversely affecting sustainability and in the interests of residential amenity, to safeguard the character of the area and to maintain the sustainability of the local community through the provision of accommodation that is suitable for people living as families pursuant to paragraph 7.4 of the Guide to Development in Manchester: Supplementary Planning Document and Planning Guidance, the National Planning Policy Framework and policies SP1 and DM1 of the Core Strategy for the City of Manchester.
