Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Approved** in accordance with the application and plans submitted subject to the condition(s) listed below (if any).

Article 35 Declaration

Officers have worked with the agent in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. In this instance, following negotiations, the initially submitted plan has been revised in the interest of residential amenity, (dated, 23/04/2025, Rev. B). The local planning authority had no other issues to raise with the agent but have attached appropriate conditions to the approval.

Condition(s) attached to this decision

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

- o Location Plan, Existing Site Plan with application site edged in red, Drawing Number 04.25 NBS-104, received by the City Council as the Local Planning Authority on 21 February 2025.
- o Proposed Floor and Roof Plans, Drawing Number 04.25 NBS-102, Rev. B, received by the City Council as the Local Planning Authority on 23 April 2025.
- o Proposed Elevations, Drawing Number 04.25 NBS-103, Rev. B, received by the City Council as the Local Planning Authority on 23 April 2025.

Reason - To ensure that the development is carried out in accordance with the approved plans; pursuant to saved policy DC1 of the Unitary Development Plan for the City of Manchester (1995) and policies SP1 and DM1 of the Core Strategy (2012).

3) Prior to the commencement of development appropriate and comprehensive construction designs for the installation of a proprietary gas membrane, in order to alleviate any possibility of landfill gas ingress to the building, shall be submitted for approval to the City Council, as Local Planning Authority. The approved details shall then be implemented prior to occupation as part of the development.

Reason - the development site lies within 250 metres of a registered landfill site or in close proximity to a potential historical source of landfill gas pursuant to policy EN18 of the Manchester Core Strategy (2012).

4) In the event that ground contamination, groundwater contamination and/or ground gas are encountered on the site at any time before the development is occupied during the watching brief, then development shall cease and/or the development shall not be occupied until a report detailing what measures, if any, are required to remediate the land (the Remediation Strategy), is submitted to and approved in writing by the City Council as local planning authority and the development shall be carried out in accordance with the agreed Remediation Strategy and validated. If no contamination is found, then a post-completion report shall be submitted to evidence this prior to occupation of the development.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in the interests of public safety. Pursuant to policy EN18 of the Core Strategy.

5) The external facing materials to be used on the development hereby approved shall match those of the existing dwellinghouse in terms of type, colour, texture, scale, pointing and coursing and as stated on the submitted information and approved drawings. For the avoidance of doubt, the front facing external elevation of the extension shall be finished in materials to match that of the front elevation of the original dwellinghouse whilst the side and rear facing external elevations of the extension shall be finished in materials to match the corresponding elevations of the original dwellinghouse.

Reason - To ensure that the appearance of the building to be extended is not adversely affected by the materials to be used in the construction of the extension, pursuant to saved policy DC1 of the Unitary Development Plan for the City of Manchester (1995) and policy DM1 of Manchester's Local Development Framework: The Manchester Core Strategy (2012).

6) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order

with or without modification) no outbuildings, sheds or extensions shall be erected without the express consent of the City Council as the Local Planning Authority.

Reason - In the interest of residential amenity, pursuant to saved policy DC1 of the Unitary Development Plan for the City of Manchester (1995) and policy DM1 of Manchester's Local Development Framework: The Manchester Core Strategy (2012).

7) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification) no windows or doors shall be inserted into the elevations of the development hereby approved other than those shown on: Proposed Elevations, Drawing Number 04.25 NBS-103, Rev. B, received by the City Council as the Local Planning Authority on 23 April 2025.

Reason - In the interest of residential amenity, pursuant to saved policy DC1 of the Unitary Development Plan for the City of Manchester (1995) and policy DM1 of Manchester's Local Development Framework: The Manchester Core Strategy (2012).

8) Before first occupation of the development hereby approved, the two proposed windows along the ground floor side elevation - to serve the rooms annotated as ("UTILITY" and "EN-SUITE SHOWER OR STORE"), together with the proposed window along the first floor rear elevation - to serve the room annotated as ("EXTENDED BATHROOM") and as shown on: Proposed Elevations, Drawing Number 04.25 NBS-103, Rev. B, received by the City Council as the Local Planning Authority on 23 April 2025, shall all be obscurely glazed to a specification of no less than level 5 of the Pilkington Glass Scale or such other alternative equivalent, and shall remain so in perpetuity.

Reason - In the interests of privacy, pursuant to saved policy DC1 of the Unitary Development Plan for the City of Manchester and policies SP1 and DM1 of the Core Strategy for the City of Manchester.

Informatives

This decision relates to the extension or improvement of an existing dwellinghouse, falling within Class C3 of the Town and Country Planning (Use Classes) Order 1987 (as amended) and does not infer or imply approval for the use of the property for any other purpose.

Manchester City Council has made an Article 4 Direction to remove permitted development rights that allow for a change of use from Class C3 - *Dwellinghouses* to Class C4 - *House in Multiple Occupation*. Further information regarding the Article 4 direction can be found on Manchester City Council's website:

www.manchester.gov.uk/info/200074/planning/4847/article_4_direction

If you intend to use the property to which this decision relates for any purpose other than a dwellinghouse, you should first contact Manchester City Council's Planning Service. Failure to obtain any necessary planning permission prior to carrying out a material change of use or physical development could result in enforcement action being taken, which can have serious implications.

This permission does not grant approval under Building Regulations.
