Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Outrageously high buildings and number of apartments.

Chorlton infrastructure will not be able to cope... there is already a huge number of residents in the area who can't find a NHS doctor, Dentist or parking near their home.

This is an insane proposal which is purely money driven with no consideration for the local community.

The original plan had far more green space, less apartments etc.

Very conveniently that company was put into liquidation so that another (the same?) could come in and do whatever they feel like. Total corruption.

If Labour councillors let this through they will never have the vote of Chorlton again.

This massive over development would cause more pollution and congestion, fewer shops, trees green spaces and parking and basically the collapse of Chorlton's Community and infrastructure.
