- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.

Manchester City Council gives notice that the development referred to in Part 1 has been **Approved** in accordance with the application and plans submitted subject to the condition(s) listed below (if any).

Article 35 Declaration

Officers have worked with the applicant / agent in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application, including making contact, during the application process. In particular negotiations took place in relation to the scale of the proposed extension. The application was also advised of a pre-commencement condition, with no concerns raised.

Condition(s) attached to this decision

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with drawing numbered D25.02.07-P04, stamped as received by the City Council, as Local Planning Authority, on 19 March 2025, and drawings numbered D25.02.07-P01, D25.02.07-P02

and D25.02.07-P03, stamped as received by the City Council, as Local Planning Authority, on 23 June 2025.

Reason - To ensure that the development is carried out in accordance with the approved plans, pursuant to policies SP1 and DM1 of the Manchester Core Strategy.

3) The materials used to construct the external elevations of the extensions hereby approved shall match the existing dwellinghouse, in terms of colour, type, and method of coursing and pointing.

Reason - In the interests of the character and appearance of the dwellinghouse and surrounding area, pursuant to policy DC1 of the saved Unitary Development Plan for the City of Manchester, and policy DM1 of the Manchester Core Strategy.

4) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015, (or any order revoking and re-enacting that Order with or without modification), no openings, including windows and doors, shall be inserted within the elevations of the extension, other than those shown on the approved drawings, unless Planning Permission is specifically granted.

Reason - In the interests of the amenities of the occupiers of the neighbouring dwellinghouse, pursuant to saved policy DC1 of the Unitary Development Plan for the City of Manchester, and policy DM1 of the Manchester Core Strategy.

5) Prior to the commencement of development appropriate and comprehensive construction designs for the installation of gas/vapour protection measures, in order to alleviate any possibility of gas/vapour ingress to the building, shall be submitted for approval to the City Council, as Local Planning Authority. The approved details shall then be implemented as part of the development.

Any further development shall not compromise any existing remedial measures previously installed at the site as part of Planning Permission 063730/MO/NORTH1/01. Upon completion of the works, a Completion/Verification Report shall be submitted to and approved in writing by the City Council as local planning authority, to ensure that the existing remedial measures have not been compromised.

Reason - The existing development has had remedial measures installed as part of Planning Permission 063730/MO/NORTH1/01. The current works shall not compromise the protection afforded by these earlier measures. Pursuant to policies EN18 and DM1 of the Manchester Core Strategy.

Informatives

This decision relates to the extension or improvement of an existing dwellinghouse, falling within Class C3 of the Town and Country Planning (Use Classes) Order 1987 (as amended) and does not infer or imply approval for the use of the property for any other purpose.

Manchester City Council has made an Article 4 Direction to remove permitted development rights that allow for a change of use from Class C3 - *Dwellinghouses* to Class C4 - *House in Multiple Occupation*. This means that from 8 October 2011, planning permission is required for a change of use from a Dwellinghouse to a House in Multiple Occupation. Further information regarding the Article 4 direction can be found on Manchester City Council's website:

www.manchester.gov.uk/info/200074/planning/4847/article_4_direction

If you intend to use the property to which this decision relates for any purpose other than a dwellinghouse, you should first contact Manchester City Council's Planning Service. Failure to obtain any necessary planning permission prior to carrying out a material change of use or physical development could result in enforcement action being taken, which can have serious implications.

This permission does not grant approval under Building Regulations.

In the event that ground and/or groundwater contamination and/or ground gas are encountered on the site before the development is occupied, the developer is advised to cease works and call Contact Manchester on 0161 234 5004 or email contact@manchester.gov.uk for advice on how to proceed.

Technical guidance relating to contaminated land can be found at MCC's Information for Developers webpage.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase their interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them.
