Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The blocks of flats that are over 4 storeys high seem disproportionately high for the location, and there seem to also be about half the number of shops compared to those in the original plan. Where are people going to park? I don't object completely to developing the area for housing but this just seems to be trying to maximise the number of dwellings at the expense of everything else
