Good afternoon,

19 St Pauls Road Manchester M20 4PG - 142878/TCA/2025

The applicant has submitted the following information:

T1 - Ash Tree with advanced dieback. Tree unsustainable, request to fell. Practicalities may dictate that a proportion of the stem will remain as a habitat post.

To confirm, the tree is not an Ash and it is not being affected by Ash Dieback, however, the tree is in a severe state of decline and therefore we would have no objection to the proposed removal of the Ailanthus altissima (Tree of Heaven).

Kind regards
