

Important – Planning permission & notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee is payable for each request to discharge conditions.
- For advice on any of these matters, please contact Planning, Manchester City Council, PO Box 532, Town Hall, Manchester M60 2LA or email planning@manchester.gov.uk

Town & Country Planning Act 1990 (as amended)

Planning Permission

Applicant

Manchester University NHS Foundation
Trust
North Manchester General Hospital
Delaunays Road
Manchester
M8 5RB

Agent (if used)

Melissa Lee
Turley
5th Floor Transmission
6 Atherton Street
Manchester
M3 3GS

Part 1 – Particulars of the application/development

Proposal: Erection of a substation compound (including a transformer, two generators, two LV switchboards and a flue stack with a maximum height of 20 metres) and associated landscaping and works

Location: North Manchester General Hospital, Delaunays Road, Manchester, M8 5RB

Date of application: 14 April 2025

Application number: 142692/FO/2025

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Approved** in accordance with the application and plans submitted subject to the condition(s) listed below (if any).

Article 35 Declaration

Officers have worked with the applicant / agent in a positive and proactive manner to guide the application through all stages of the planning process and resolve any issues that arose in dealing with the planning application.

Condition(s) attached to this decision

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

Drawings and documents referenced 23135-SRA-NM172-00-DR-A-02000 (location plan), 23135-SRA-NM172-00-DR-A-02002 (proposed site plan), 23135-SRA-NM172-00-DR-A-02003 (demolition plan), 23135-SRA-NM172-00-DR-A-02004 (proposed external works), 23135-SRA-NM172-00-DR-A-02010 (ground floor general arrangement), 23135-SRA-NM172-XX-DR-A-02302 (proposed site sections 1 of 2), 23135-SRA-NM172-XX-DR-A-02303 (proposed site sections 2 of 2), 23135-ARP-ZZ-XX-DR-E-05001 (Electrical Services Substation 14 Compound Lighting and Small Power Drawing), 23135-ARP-ZZ-XX-DR-E-05002 (Electrical Services K Block External Lighting and Small Power Drawing), 23135-ARP-ZZ-XX-DR-E-15001 (Electrical Services Substation 14 Internal Containment Layout), 23135-ARP-ZZ-XX-DR-E-15002 (Electrical Services K Block Substation 14 External Distribution), 23135-ARP-ZZ-XX-DR-E-61001 (Electrical Services Substation 14 Lighting Protection), 23135-ARP-ZZ-XX-SH-E-00004 (Substation 14 Luminaire Schedule) and 23135-ARP-ZZ-XX-DR-E-45001 (Electrical Services 14 Fire Alarm and Electronic Security), received by the City Council as Local Planning Authority on 14 April 2025.

Reason - To ensure that the development is carried out in accordance with the approved plans, pursuant to policies SP1 and DM1 of the Manchester Core Strategy.

3) Notwithstanding details submitted, no above ground development works shall take place, unless and until samples and specifications of all materials to be used on all external elevations of the development have been submitted to and approved in writing by the City Council as Local Planning Authority. The development shall only be implemented in accordance with the agreed details.

Reason - To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of the visual amenity of the area within which the site is located, pursuant to policies DM1 and SP1 of the Manchester Core Strategy.

4) Prior to the commencement of development, a construction management plan outlining working practices during development shall be submitted to and approved in writing by the City Council as Local Planning authority, which for the avoidance of doubt should include;

- Measures to control noise and vibrations;
- Hours of working;
- Dust suppression measures;
- Compound locations where relevant;
- Location, removal and recycling of waste;
- Detail of an emergency contact telephone number;
- Parking of construction vehicles; and
- Sheeting over of construction vehicles.

The development shall only be carried out in accordance with the approved construction/demolition management plan.

Reason - To safeguard the amenities of nearby residents pursuant to policies SP1, EN19 and DM1 of the Manchester Core Strategy.

5) a) Notwithstanding details submitted, externally mounted ancillary plant, equipment and servicing shall be selected and/or acoustically treated in accordance with a scheme designed so as to achieve a rating level of 5dB (LAeq) below the typical background (LA90) level at the nearest noise sensitive location. The scheme shall be submitted to

and approved in writing by the City Council as Local Planning authority in order to secure a reduction in the level of noise emanating from the site prior to the first use of the development. The approved scheme shall be completed before the equipment is operational.

b) Prior to the first use of the development, a verification report will be required to validate that the work undertaken throughout the development conforms to the recommendations and requirements in the approved acoustic report. The report shall also undertake post completion testing to confirm that the noise criteria has been met. Any instances of nonconformity with the recommendations in the report shall be detailed along with any measures required to ensure compliance with the agreed noise criteria.

Reason - The actual equipment has not yet been sourced and corrections may need to be added to the submitted assessment depending on the equipment. The condition is necessary to safeguard the amenity of existing and future occupiers, pursuant to saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies SP1 and DM1 of the Manchester Core Strategy.

6) The development hereby approved shall only be carried out in accordance with details and mitigation measures contained within the submitted Air Quality Assessment prepared by RSK (Ref: 445878-03 (02)) dated 24 March 2025 and received by the City Council, as Local Planning Authority on 14 April 2025.

Reason - To minimise the impact upon air quality and to minimise the environmental impact of the development, pursuant to policy EN16 of the Manchester Core Strategy, National Planning Guidance and National Planning Policy Framework (NPPF).

7) Notwithstanding details submitted, no above ground development shall commence until a hard and soft landscaping treatment scheme, including boundary treatment, has been submitted to and approved in writing by the City Council as local planning authority. The approved scheme shall be implemented not later than 12 months from the date the buildings are first occupied. If within a period of 5 years from the date of the planting of any tree or shrub, that tree or shrub or any tree or shrub planted in replacement for it, is removed, uprooted or destroyed or dies, or becomes, in the opinion of the local planning authority, seriously damaged or defective, another tree or shrub of the same species and size as that originally planted shall be planted at the same place.

Reason - To ensure that a satisfactory landscaping scheme for the development is carried out that respects the character and visual amenities of the area, in accordance with policies SP1, EN9 and DM1 of the Manchester Core Strategy.

8) a) Before commencement of the development hereby approved, a report (the Preliminary Risk Assessment) to identify and evaluate all potential sources and impacts of any ground contamination, groundwater contamination and/or ground gas relevant to the site shall be submitted to and approved in writing by the City Council as local planning authority. The Preliminary Risk Assessment shall conform to the City Council's current guidance document (Planning Guidance in Relation to Ground Contamination).

In the event of the Preliminary Risk Assessment identifying risks which in the written opinion of the Local Planning Authority require further investigation, the development shall not commence until a scheme for the investigation of the site and the identification

of remediation measures (the Site Investigation Proposal) has been submitted to and approved in writing by the City Council as local planning authority.

The measures for investigating the site identified in the Site Investigation Proposal shall be carried out before development commences and a report prepared outlining what measures, if any, are required to remediate the land (the Site Investigation Report and/or Remediation Strategy) which shall be submitted to and approved in writing by the City Council as local planning authority. The development shall then be carried out in accordance with the approved Site Investigation Report and/or Remediation Strategy.

b) Prior to the first use/occupation of the development, a Completion/Verification Report shall be submitted to and approved in writing by the City Council as Local Planning Authority, to validate that the development conforms with the approved Site Investigation Report and/or Remediation Strategy.

c) In the event of any non-conformity with the approved Site Investigation Report and/or Remediation Strategy, then any further measures that are required to remediate the land shall be carried out. Any required measures/remediation and validation shall continue until conformity has been achieved and agreed in writing by the City Council as local planning authority, prior to first use/occupation of the development.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in the interests of public safety, pursuant to policies DM1 and EN18 of the Manchester Core Strategy.

9) In the event that ground contamination, groundwater contamination and/or ground gas, not previously identified, are found to be present on the site at any time after development commences, then development shall cease and/or the development shall not be occupied until, a report outlining what measures, if any, are required to remediate the land is submitted to and approved in writing by the City Council as Local Planning authority. The development shall then be carried out in accordance with these details, together with any previously approved Remediation Strategy.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in the interests of public safety, pursuant to policies DM1 and EN18 of the Manchester Core Strategy.

11) Prior to the commencement of the development hereby approved, a surface water drainage scheme for the development site shall be submitted for approval in writing by the City Council, as Local Planning Authority. This shall include the following:

- Evidence of drainage hierarchy adherence.
- Finalised surface water drainage layout including all components, levels and connectivity.
- Evidence of connection approval in principle.
- Maintenance and management plan including responsible party and a schedule of tasks/frequencies for the components.

The development shall be constructed and completed in accordance with the approved details prior to the first occupation/use of the development.

12) In this condition "retained tree" means an existing tree, shrub or hedge which is to be as shown as retained within the submitted Site Tree Constraints Appraisal (Ref: RTS/14052024-006 Rev 006), received by the City Council as Local Planning Authority

on 15 May 2025 and paragraphs (a) and (b) below shall have effect until the expiration of 5 years from the date of the occupation of the building for its permitted use.

(a) No retained tree shall be cut down, uprooted or destroyed, nor shall any retained tree be topped or lopped other than in accordance with the approved plans and particulars, without the written approval of the local planning authority. Any topping or lopping approved shall be carried out in accordance with British Standard 5387 (Trees in relation to construction)

(b) If any retained tree is removed, uprooted or destroyed or dies, another tree shall be planted at the same place and that tree shall be of such size and species, and shall be planted at such time, as may be specified in writing by the local planning authority.

(c) The erection of fencing for the protection of any retained tree shall be undertaken in accordance with the approved plans and particulars before any equipment, machinery or materials are brought on to the site for the purposes of the development, and shall be maintained until all equipment, machinery and surplus materials have been removed from the site. Nothing shall be stored or placed in any area fenced in accordance with this condition and the ground levels within those areas shall not be altered, nor shall any excavation be made, without the written consent of the local planning authority.

Reason - In order avoid damage to trees/shrubs adjacent to and within the site which are of important amenity value to the area and in order to protect the character of the area, in accordance with policies EN9 and EN15 of the Manchester Core Strategy.

Informatives

Building Regulations 2010

This permission does not grant approval under Building Regulations.

Street Naming & Numbering Requirements

Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.

You can apply online at the following address:

http://www.manchester.gov.uk/info/100011/roads_parking_and_transport/1988/naming_and_numbering_of_houses_buildings_streets_and_roads/2

Mining Information

The proposed development lies within an area which could be subject to current coal mining or hazards resulting from past coal mining. Please read the Standing Advice from the Mining Remediation Authority.

No vegetation or tree clearance required to facilitate the development shall take place during the optimum period for bird nesting (March to August inclusive). All nesting birds their eggs and young are specially protected under the terms of the Wildlife and Countryside Act 1981 (as amended).

The statutory framework for biodiversity net gain requires a Biodiversity Gain Plan to be submitted and approved to discharge the biodiversity gain condition prior to the commencement of development.

A developer must submit the Biodiversity Gain Plan to the planning authority in writing, no earlier than the day after planning permission has been granted. The use of the Biodiversity Gain Plan template is strongly encouraged to bring together the required information into one document for approval.

The following content of a Biodiversity Gain Plan is required for development:

- information about the steps taken or to be taken to minimise the adverse effect of the development on the biodiversity of the onsite habitat and any other habitat;
- the pre-development biodiversity value of the onsite habitat;
- the post-development biodiversity value of the onsite habitat;
- any registered off-site biodiversity gain allocated to the development and the biodiversity; and
- any biodiversity credits purchased for the development.

In addition, the following is required:

- name and address of the person completing the Plan, and (if different) the person submitting the Plan;
- a description of the development and planning permission reference number (to which the plan relates);
- the relevant date, for the purposes of calculating the pre-development biodiversity value of onsite habitats and if proposing an earlier date, the reasons for using this earlier date;
- the completed biodiversity metric calculation tool(s), stating the publication date of the tool(s), and showing the calculation of the pre-development onsite value on the relevant date, and post-development biodiversity value;
- a description of arrangements for maintenance and monitoring of habitat enhancement to which paragraph 9(3) of Schedule 7A to the 1990 Act applies (habitat enhancement which must be maintained for at least 30 years after the development is completed);
- (except for onsite irreplaceable habitats) a description of how the biodiversity gain hierarchy will be followed and where to the extent any actions (in order of priority) in that hierarchy are not followed and the reason for that;
- pre-development and post-development plans showing the location of onsite habitat (including any irreplaceable habitat) on the relevant date, and drawn to an identified scale and showing the direction of North;
- a description of any irreplaceable habitat on the land to which the plan relates which exist on the relevant date, and any part of the development for which planning permission is granted where the onsite habitat of that part is irreplaceable habitat arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat; and
- if habitat degradation has taken place:
a statement to this effect,
the date immediately before the degradation activity,

the completed biodiversity tool showing the calculation of the biodiversity value of the onsite habitat on that date, and
any available supporting evidence for the value.

There is a standard Biodiversity Gain Plan template available to complete which brings together many of these matters into one document.

The submission of a Biodiversity Gain Plan to a local planning authority falls under Regulation 16 of the Town and Country Planning (Fee for Applications, Deemed Applications, Requests and Site Visit) (England) Regulations 2012 which covers fees for the written confirmation of compliance with a condition or conditions attached to a grant of planning permission.

Date: 25 June 2025

Signed: 

Julie Roscoe
Director of Planning, Building Control & Licensing

Manchester City Council, P O Box 532, Town Hall, Manchester M60 2LA

Notes

1. This permission refers only to that required under the Town and Country Planning Act 1990 does not include any consent or approval under any other enactment, byelaw, order or regulation.

2 If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, they may appeal to the Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of the notice of the decision.

The Planning Inspectorate have introduced an online appeals service that can be used to make appeals online. This service is available through the gov.uk website – www.gov.uk/appeal-planning-decision The Inspectorate will publish details of your appeal on the internet. Alternatively If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the City Council (planning@manchester.gov.uk) and the Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

3. The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70(1) and 72(1) of the Act.

4. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

STANDING ADVICE - DEVELOPMENT LOW RISK AREA

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Mining Remediation Authority on 0345 762 6846 or if a hazard is encountered on site call the emergency line 0800 288 4242.

Further information is also available on the Mining Remediation Authority website at: [Mining Remediation Authority - GOV.UK](https://www.mra.gov.uk)

Standing Advice valid from 1st January 2025 until 31st December 2026
