John,

The Poplars 1 Whalley Road Manchester M16 8SS - 142423/TCA/2025

The applicant has proposed to carry out the following works:

Works to trees - proposed pruning works

T1 Horse Chestnut - crown lift to 6m over road; reduce 1 x limb by 3-4m from neighbouring property

T2 Beech - crown lift to 6m over road

T3 Sycamore - crown lift to 6m over road; reduce from street light

T6 Beech - tree is 50% dead; fell to ground level

T8 Lime - crown lift to 3m over footpath

T9 Hawthorn - fell to ground level

T10 Holly - fell to ground level

T12 Horse Chestnut - crown lift to 3m over footpath & 6m over road

T13 Lime - crown lift to 3m over footpath & 6m over road; remove deadwood

T14 Cherry - crown lift to 3m over footpath

I can confirm that I have viewed the proposals and we would have no objection to the proposed pruning/removal works.

T6 - has been dying back for several years and now has less than 50% canopy cover.

T9 and T10 are low quality specimens, positioned beneath the canopy of mature trees and there they have no long term future.

The crown lift proposals are more or less in line with our own 5.2m clearances to ensure they do not interfere with passing vehicles.

All works on this site would be considered routine maintenance for health and safety.

Kind regards

Rudi Farghaly
