Commenter Type: Member of the Public

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I believe this scheme is brilliant. It's an efficient use of the land. People locally complain about the cost of housing. The only way to reduce cost of housing is by increasing the supply. If you build at density, you can provide more housing on a smaller footprint. Economically, more people living in Chorlton means more people spending money in local businesses, shops, bars and restaurants.
