Comment Reasons:

Comment: Disgraceful how you think this can benefit a town. We have no parking or shops as it is. We have no parking but at least we have cycle lanes with NO bikes?!? Another useless & destructive plan to turn our town into a ghost town.

It is far from keeping with the local architecture.

It is overcrowded housing with nowhere as much parking spaces to facilitate the residence & that's before visitors are taken into account.

This was once the heart of Chorlton, busy & thriving. I'm speaking as a local resident all my life 50+ years.

Should there be decision on giving Chorlton back a public car park & some decent shops AND ban vape shops (we have at least 10 almost next door to each other!!)then I will agree to a development. AND NOT HIGH RISED BUILDINGS blocking the light.
